

LAMINÉS MARCHANDS EUROPÉENS

AFV BELTRAME GROUP

To whom it may concern

Trith Saint Léger, the 21/03/2022

Object : Attestation of non-radioactivity

Dears,

Our rolling mills are fed by billets issued from our steel plant of Trith-Saint-Léger.

Some controls of radioactivity are performed during the process of production of billets : raw materials, castings and finished products.

Several procedures are realized in order to protect our people and ensure the non-radioactivity of our products.

Should you need any further technical information, please contact our Qualified Expert in Radioprotection :

Mr Antonio LOMBARDI

Phone: +33 (0)6 65 50 00 09

E-mail: a.lombardi@beltrame-group.com

This attestation is retroactive for all deliveries of these products from 01/01/2023 to 31/12/2023.

Yours sincerely,

Christophe FILARETO
Quality Manager
